“ Even though I worked in Whiting and Linda in Valpo we would see each other every other month at manager meetings at Centier. She loved to visit Whiting during our festivals especially Pierogi fest and we would love to go to Valpo and enjoy the symphonies with her and Bob. Linda was an amazing person with the largest of smiles and always willing to help in her community. We would compete to see who could do the most hours every year. She was a light and may her light shine bright here and in heaven always. Our most sincere condolences to Bob and her family and of course her Centier family.

“ Linda and I would almost talk everyday on the phone at Centier. We would start out by talking about a client she had and once we were done we would just talk about anything else but banking. We would laugh and joke with each other. And then after almost talking about half hour we would say Talk to a soon because she knew she would be calling me again. Lol. You will be so missed Linda!! May you Rest In Peace.

“ My family became friends with Linda quite awhile ago... she always had answers when we had questions. When my daughter passed away she was so accommodating and helped me through that horrible time. Always a hug and smile. I will miss her..

“ What a caring and helpful lady! Linda was the manager at the Centier Northside branch when I became the manager of our Lakepointe Gardens Property Owners' Assn. and we began doing business with Centier. She seemed to know exactly what I needed to do to set up the procedures we required. The process couldn't have gone more smoothly, and everything worked as intended.

When you were in her company, you always knew that her goal was to help you in any way she could, and to be pleasant while doing so. On several occasions after she moved to Centier's downtown Valparaiso office, I had the privilege of greeting her when I was there. It was always a pleasant experience to just chat with her for a minute or two.

My sincere condolences to her family and friends.

“ I had the pleasure to work with Linda for 6 Years. Her infectious smile and warm hugs were the best. She is also the only person who got me to try calamari and I can say I have never tried it again. RIP friend.

“ I know Gaye was waiting for you and am sure she was surprised hearing you pound on the gates yelling, "So I'm a little early"! Cherished memories as you traveled with Gaye and the ABG crew!
