“ My deepest sympathy and prayers go out to the McDonald family on the loss of your special patriarch and a wonderful example of true professionalism. I am an IU '76 PT graduate from Highland--I was a year ahead of Anne in PT school. I did my first senior affiliation at St. Catherine's Hospital in East Chicago and have good memories of Mr. McDonald and Mr. Shehigan and all that I learned on that affiliation. I can also attribute my interest in PT and the reason why I ever thought of going into physical therapy was because of a chance encounter with Mr. McDonald. When I was in the 8th grade I went with my Mom to take my Grandmother to St. Catherine's for out-patient PT after she'd had a stroke and came to live with us. He set me on my career path and I will always hold that in a special place in my heart for him because of that. Heaven has gained another angel--may fond memories sustain the family during their time of loss. Carmen Peterson
