“ Dear Vanderplough Family,
Please accept my sincerest sympathies to all of you, as the end of an era has just passed on. I remember all of the talk wayyyyyyyy back of fishing, so you have picked the PERFECT photo! I called Doug and notified him of Jim's passing yesterday and today I will contact Shari. I only have fond thoughts of Jim and Bev, since about 1968. Jim won't have to live alone now. He is with family again.
Sincerely, Jackie Wonso

“ I always enjoyed being around Jim he always treated me like I was truly family! Always in good spirits chuckling with that George Burns cigar. I will truly miss him and the fishing stories he shared with me. I know he's fishing and playing poker at the same time right now. Thanks for the memories buddy, save me a spot in the boat. With our deepest sympathies to family we are praying for everyone.
