“*Dr. Graun was so much more than our family Chiropractor. He was a compassionate soul who always asked and cared about more than just your health, although he was an expert in his field. We loved hearing stories about his navy life, wife, children and now grandson also. So wise in matters of family, life and love. He was extremely generous of spirit, his gifts were many. Even the people he allowed to work in his office shared the same generosity. It was always a pleasure to step into his office, a place of respite from whatever ailed you. He was an angel here on earth and now I am certain he is working from up above. Heaven is blessed to have him. We will never forget this wonderful man!*”
