“ *I wish to offer my condolences to the Arley Tapp family on the loss of a good man.*

He was a co-worker of mine in the steel mills, a good friend, and a good human being who left this world much too soon.

“ Papa was a kind and generous man. He may have been a large man but he was a teddy bear. He opened his arms and heart up to me, taking me as his own. He has been in my life from the very start; always loving and looking out for me, and most of all allowing me to call him my own. If you didn't get the opportunity to know him, you truly missed out on a blessing. This is just one of the memories I'll cherish forever with Papa/Bub/Arley; One year a plan was made to throw him a surprised party. As a cover, he was told it was my birthday. This got him out of the house to buy a gift, and then got him to the hall for the party. I will never forget this day. He came in and got a big surprise. After a few moments, he walked up to me and handed me a small box. I opened it and found a beautiful pair of diamond earrings inside. I told him no, it's your birthday and he wouldn't have it. He said, "I got them for you, they are for you to have." "If you ever find yourself in a situation where you are too far away or in trouble, to sell them to get back home." That moment along with those earrings, will always be cherished. There really aren't enough words to describe how amazing he was, he was everything good that can be said. He was a beautiful man inside and out and will be missed tremendously.

The only good thing about you not being here anymore, is that you are no longer in pain.

-Love always, Tasha
