“ Thank you so much for the memories I will always have with me. Remembering back to when I was a child, and how much you and grandpa cared for all us, and took us to amazing places!! I know the reasons I try to have my family make traditions and togetherness a priority are because of values and traditions I remember as a child with you at your house. You are now with grandpa, and although we will miss you so much here, you two can be together again in happiness where you want to be. I am thankful I now have another angel to embrace my family, and help protect Chance. You will always be cherished Grandma. We love you Angie, Mark, Mikele, Cole, and Chance##imported-begin##Angie Loffredo##imported-end##
