“ *Sending love, strength, and support! You always had a smile on your face, and made me laugh! I'll never forget the time I worked at schoops and it was snowing out, I went out and started my car to let it warm up, about 15 minutes later I come out and my car is gone and there you are driving back towards me laughing your but off lol! Or the time at the lunch table in high school when you came up behind me and covered my eyes with your hands for like what felt like 5 minutes (it probably was that long) I didn't know it was you and you were laughing the whole time lol! I was so worried about my mascara being messed up :) You will truly be missed, and forever in my heart :'(*

“ Dear Teta Ljilja, Pelagija and Milka,  
Many of my friends and family will tell you that I have a pretty good memory. I can remember events and things that have happened even years and years ago. After hearing about Bosko's passing, the first thing I thought of was his christening. I was really young, but I remember the adorable chubby baby on his special day. I also remember feeling that I understood how special he was to your family -- the baby of the family and only son. He was so adored by all of you and your extended family.

Teta Ljilja, you and I spoke briefly just this past March at my Tetak's, Radovan Solakovic, 40-day memorial. You told me how lucky you were to have your children to lean on when your own beloved husband passed away in 2002.

I am so very sorry for your loss. My deepest condolences to all of your family, and especially to you Teta Ljilja. He can never be replaced and I pray that you find peace and comfort during this difficult time.

Love,  
Nena Jevtic

“ I'm so sorry to see you go and I know how selfish that is of me. You will always be missed by me in the 22+ years that we have been friends never thought this would happen. You always said you wanted to be the pimp of the nursing home. We had too many good times together and you were always a great friend. May you rest in eternal paradise my old friend. Look for Steve up there he's probably got a Malibu n Coke waiting for you and to tell you some stories about how we shouldn't have drove your Mustang with no seats, bumpers, headlights, or tail lights down 41 just because we successfully built a trans together.

“ Sorry to see ya go buddy.. We had a lot of good times together, esp on two wheels. I'll never forget the time we were riding out in the country and a deer veered right for ya, I tried honking the horn and you looked back like wtf dude, well that deer plowed right into your tail section moved the bike over a good 2-3 foot and there was the deer doing unintended somersaults right in front of me, we stopped and you jumped off the bike and we laughed for a good 20 mins. Those are the times I look back and say whoa.. Or how about the time they had that great idea to take 41 home from Chicago and the punk kids were tossing rocks at us and the both of us faked them out and took off. Gonna be missed buddy and sorry I have to be typing this story under these conditions.. All I know is that the term "douche pickle" will forever live on under your memory.. Hope the man upstairs has room for your extensive vocabulary. RIP Bosko..
