“ Brian I miss you and from time to time questions come to mind that I am sure that you have the answers to. Then I realize that I cannot just call you to know the answers.

Yes, you are missed by many because you were who you were, a very understanding and helpful in many lives. No one at LCCC was close to being as good as you for the work we did there.

Life goes on for us without you but know that it is different without you. From time to time I look through the pictures I have and stop at yours and remember that day when you were in our lives.

Thanks for your great talks, understanding soul and friendship. We will see each other again, you know I am right.

Memories are good and will have to be what we all can hold on to, thanks
