“ My name is Michelle Wherrett. I helped Bruce with his hearing aids in DeMotte. He was always so much fun to have in the office. He always had a smile, a joke and just a way to put you in a better mood. In the summer he would bring us all zucchini and said he was just too good at growing them and had more than enough to share. He was such a kind man and he will be greatly missed. Sending love to all his family from the Accurate Hearing family.
