“ This makes me very sad. I was just thinking how it has been a couple years since I saw Byron. Seems I'd always see him around town or working in the garage or yard at his house. Last time I saw him he said something about needing surgery, but it didn't sound life threatening. Byron worked for me a some years ago and was a dependable and hard worker.

Just got a fishing boat and was wanting to get him to show me where the good spots are since he was quite the fisherman. Going to miss this guy. Best wishes and condolences to his friends and family. Hope the fishing is good in Heaven.

“ my best memories of byron was when he was growing up and how clumsy he was . It would take uncle walt a long time to get the lines untangled. We are so glad we got to see him last week and will always remember and love him. Rest in peace Byron. Uncle Walt & Aunt Marlene

“ I have beautiful memories of Bryon. Playing cards, the game Risk, fishing, just hanging out at my house. He was one of my favorite friends. I'm so very sorry to hear of his passing.
