“ Dear David and kids,

My first reaction was of deepest sadness. Taking into account Carol's enormous energy and will to get things done, she has been such an inspiration. It feels so unfair that we can't enjoy her presence no longer. Of course this is emotional. You miss some one. The other side is accepting. With the medical problems she was facing, I can only be very happy that Carol found her peace.

What remains is the memory and thought. I have such good memories. These I will cherish. Carol has her place in my heart where I will keep her forever.

David, my thought are with you as well. From this side of the ocean there is not much I can do, except expressing my sympathy and wishing you all the strength you can get. I hope we keep in touch by mail. Just a few word every day like Carol did.

“ My love and deepest sympathy goes out to your family. Carol was such a special person and I always loved how happy she was to see me when I would stop by the house. She always met me with a big hug and kiss and I'm sure there were many times I left with her bright red lipstick on my cheek. She was never for lack of words, opinions, or passion for life, and that is probably what I loved most about her. If she liked you, you knew it, and if she didn't, well, I'm just glad she liked me. She was one of the least fake people I have known, and I loved her for that quality as well. I will miss her very much. Love, Danny###imported-begin##Dan Owens###imported-end##
