“ *Dear Cousin,
Remembering the times we shared when you were the happiest I have ever seen you which were the years you spent with your beloved Raymond John (Dearest). I didn't even mind all those apples you made me peel for his apple pie treats. Rest in peace dear cousin.*

“ *Dear Cousin Carole Ann,*

All of us who have been left behind will know the pain of your passing.

It broke our hearts to lose you, but you did not go alone as you took a

part of us with you. However, nothing will ever take away the love from our hearts and the memories we hold dear. You will be remembered, dear cousin.
