“ *My heart is so heavy and it aches with so much pain. Cindy, I didn't know. I have tried to get in touch and have worried myself sick over you. I found this today, finally after searching for awhile. Last time we talked on the phone, I knew you weren't feeling well. But then after I didn't hear from you, I worried constantly. How the quilt consumes me not knowing until today. I love you and no words can tell you how much I miss you. Thank God we found each other again after so many years went by and I will always be happy for the time we did get to see each other and talk. You always have been very special to me and you always will be my "sister". So many things we went through together in our teens, the laughs, all the tears and sharing a special bond together. From the moment I first met you, I knew you were special and we would be close. I can't believe you are no longer here. Rick and I are very saddened with heavy hearts. Had I only known! I will cherish every memory I have ever made with you. I will love you always and forever you will be in my heart. <3*

“ *Do not stand at my grave and weep
I am not there, I do not sleep
I am a thousand winds that blow
I am the diamond glints on the snow
I am the sunlight on ripened grain
I am the gentle autumn rain
When you awake in the mornings hush
I am the swift uplifting rush
Of quiet birds in circled flight
I am the soft stars that shine at night
Do not stand at my grave and cry
I am not there, I did not die*

Today's the day that I need your strength mom. I am so empty, and so lost right now. Let that beautiful soul of yours shine into mine and bring me back from this emptiness I have fallen in to. I love you for everything you were and everything you were meant to be but didn't have enough time on this earth to accomplish.

“ Dear Cindy, We shared a lot in a few years. The last time we were together we went shopping ,out to eat and riding around in that red car just laughing about anything. As Rickey and I were leaving from Cindy's house back in 2013 was the last time we saw her in person. Thank you for for being real and loving us like Jesus does. Til, we see you again . Tricia Ingram

“ When I think about my Aunt Cindy, the first thing that comes to mind is how much fun we always had. I was your first niece, and you were the best aunt I could ask for. When I was little I loved having sleepovers at your house, and as I got older I loved hanging out with you because you always made me laugh. You were there for our family unconditionally and we were so very lucky to have you. I'm beyond happy that I was able to bring Oscar into your life. You gave him SO much love. You two really were soulmates. I've always admired you for being your own true self at all times with no apologies. That's what I'm going to miss about you most of all. You were such a great aunt to me, mom to my 2 cousins who I've looked up to for as long as I can remember, and big sister to my dad & uncle bubba. We're all going to miss you so very much! Love you aunt cindy.
