“ From the time I was 12 years old and all through high school at ECW, all the guys would meet at Cuate's basement on Commonwealth Avenue in North Harbor to "hang out" and listen to doo wop music. We even took the name THE BASEMENT BOYS and David was a regular, with 13 other guys, every day after school. We had some great times together and attending dances, but many of us took different paths after high school and I did not see David that often. I just learned of David's passing while talking to Cuate (Al Celestine). I shall miss David; he was a close friend. May your memories of David soothe you; your friends comfort you, and your family's strength help your hearts begin to heal. May the love you all shared sustain you through this time of sorrow. Please accept my deepest sympathy. May his memory be eternal.

“ *David was the elder of the Grandkids in the Soto familia. So sad to have him leave us so soon. I recall when he lived in Gary (1968), I spent New Years eve with him and of course people were firing of their weapons, even back then as a lil kid he said stay away from the windows. He definitely turned me and most people he touched on to Oldies and Doo Whop tunes! Long live Oldies forever! See you on the other side Primo!*

“ My depest condolences to my cousin's immediate and extended familia. In the Summer of 1972, at our grandmother Victoria's funeral where we were both pall bearers along with my father and our uncles, David turned me on to two songs on 45s, K-Gee by the Nightlighters and All Day Music by War. I sat in his basement with him and listened to those songs over and over again. David sang along to the latter and had a great voice. I was able to play those songs years later in some bands and always thought of him. Paz Primo y gracias.
