“ I worked Diana starting Orthopedics at Our lady of Mercy when I w started 1984. Few years later, I floated to ER and was delighted to see her once again. She one reason I joined ER. She taught me so much as a nurse, and as a person. Loved listening her talk about her life.

I dearly missed her, when she retired. I still remember the outfit she wore to the in house ER going away. She was gorgeous in red ❤️

I feel bad I loss connection with her, after she left.

She is remembered by many.
