“ Hi Grandma. I never expected that you'd leave my life so soon. I had visions of you at my wedding someday and always believed there'd be more time to see you when there were times I couldn't. I miss you oatmeal, your snowflake blanket, and the acceptance you gave me. Thank you for loving storms with me and for never making me feel anything but special and loved by you. I love you. :)

“ Mom,

I love and miss you so very much. We talked every single day, usually multiple times. I have thought about calling you again and again, only to remember that you aren't here. I still can't believe that you are gone. I know you are out of pain and running around in heaven with Grandma, Grandpa, your brothers, sister and Sky. When I feel my heart crumbling inside, this is the vision I create. I know I'll see you again when our Father calls for me, until then, know that you are loved so deeply, missed terribly and always in my heart. I love you Mom forever and always, Trina
