“ I was saddened to hear of Gene's passing through a co-worker of Law Bulletin. I will never forget the day that Gene came to my aid when I was the receptionist for the company. Gene was sitting at his desk, which was located near the reception area, when a visitor came in asking to see an employee who was in a meeting. The visitor insisted that he see the employee and was getting angry with me because he was not able to do so. I asked him to leave the office but he refused. As his voice got louder so did mine and the next thing I knew Gene was standing there telling the visitor (in his stern but soft spoken voice) to leave the building which he did immediately. Gene was my protector that day!

*My condolences to his family -- he will not be forgotten.*

“ Mark, Gene's parents and other family members- my deepest sympathy goes out to all of you. Gene and I were classmates through middle and high school. I hadn't seen him since 1979. Then one day, a few years back, I was sitting in the BMV. This man came running at me and jumped in front of me! Smiling that beautiful smile, my old classmate and friend Gene said hello. That was Gene; always smiling and having fun. I'll always have that wonderful memory whenever I think of him. I will be praying for comfort for all who were fortunate enough to know and love this wonderful man.

“ My deepest condolences to Mark and Gene’s family. I feel so fortunate to have had the opportunity to work with Gene through my 20+ years at Law Bulletin. We sat on the same floor and connected every day – whether about the Blackhawks, Bulls, Bears, or how we could improve some process at the company. He was thoughtful, insightful and a critical part of our business. I will miss our morning chats and will forever remember the laughs, revelations and sighs we shared. Rest in peace Gene. – Peter Mierzwa
