“ Mugs and I lived just one block away. In grade school at Jefferson we would occasionally have lunch at the Copper Kettle on Broadway. In high school, the Brugos house was a hang out for our circle of friends. We used to sit on the porch on a warm summer day and wait for traffic accidents to happen. Mugs would guarantee that if we waited long enough we would witness one. 8th and Adams- What a great view. I wonder if this inspired Mugs to get into law enforcement.

To Susie, Dennis and John David- our condolences. Remember the good times and Mugs' humor to help you through these sad times.
