And if I go, While you're still here...

Know that I live on, Vibrating to a
different measure behind a thin veil you
cannot see through. You will
not see me, So you must have faith.

I wait for the time when we can
soar together again, both aware of
each other. Until then, live your
life to its fullest. And when you
need me, Just whisper my name
in your heart, ... I will be there.
