“Gerry, you welcomed me into the family 35 years ago and took me in as your own son. We had many great conversations over the years. You were always someone I could bounce ideas off of and you challenged me to always be better. You were a great example to me of what a loving husband, father, grandfather, and now, great-grandfather should be! Thanks for your friendship and guidance all these years. You will be greatly missed but never forgotten!
