“ You are gone but not forgotten, you will always be in my heart. I will miss you until the day I die. I look forward to joining you someday in Heaven. God took you away from us way too soon but I believe he has a plan for all of us and he needs you more than we do now. Heaven has gained a new angel and a beautiful angel they received. Thank You for the wonderful memories we shared together Gee. You were and always will be so very special to me. The hard part is continuing my life on this Earth without you. Please talk to God and ask him to help our family make it through the difficult times we are going through and facing in the future. I still cannot believe you are gone and I don't think I will ever understand why you had to go so soon, I trust in God that he knows what he is doing. You're suffering is over now. You get to rest in Paradise. Please watch over all of us Gee as we need your guidance as one of our beautiful angels. You are in a better place, I cannot wait to join all of you there, until then I still have a job to do here and until my time comes I must fulfill God's plan. I love you with all my heart and soul.

“ Even though we cannot understand now why you had to go and why we are left with this emptiness of not having you around. I know in my heart that you are looking down on us and you are watching out for us. God has given us a guardian Angel. You will always be in our hearts

“ My heart has been very heavy this year, with trying to understand why God has taken so many from us to soon. It seem just like yesterday we teenagers and hanging out and now you have gone home to be with the lord. We know that God has a plan for all of us, but for the ones that are still here it is still hard to understand why. May the lord keep all your loved one and friend safe and watch over everyone. <3
