“ I have known James as well as his wife and family for many years !
He was soft spoken, had a warm and friendly smile and had a wonderful partner that he obviously loved dearly. James & Joanie were a perfect match with a good son & shared a beautiful life together with all of the love, laughter and closeness of a best family I have ever known and dearly loved !

They were always so warm and welcoming to me when i came to visit their family and siblings ! Enjoyed many wonderful visits and will cherish those special gatherings and the memories for many years !!

Will keep them both in my thoughts and prayers always,

I will not be able to attend the services for the Rusnak family at this time but please extend my deepest sympathy to all !

*I do hope that the new year 2023 brings much love and contentment to the Potter family
Along with the generations of family members !!*

*Love always to each of you !!
Long time friend since 1966*
