“ *Jane was an amazing lovable person, first and foremost! She always had a positive attitude and it always brightened my day just to talk with her. I was only her manager for the past ten months but she had a way that made you feel like she knew you all her life. She loved life and her family and her work family with all her heart. She was so close to all of her work family that it just amazed me when I would visit. They all spoke very highly of Jane when I would see them or meet them for the first time and rightfully so. Jane took her job very seriously and was extremely professional and helpful to anyone that would ask. She was the model employee that every manager wishes to have and every customer wishes to encounter. I know I can never actually replace such a kind soul in our workplace environment but I also know that my life has been made better by actually knowing her. I know that I speak for everyone in my organization when I say that she will be dearly missed.*

Thank you Jane!

“ Dear Dryer Family,
Janie, along with both of your parents, were my second family from 1st grade until we moved to Wawasee in 7th grade. Walking home from Sacred Heart to our first Brownie meetings at your home with the large Willow Tree and creek in the back yard. Your Mom being the first leader of our troop. Always so much fun. The many sleepovers at your home on Center Street. I can still remember Guitar masses, Lent, Easter Sundays, square dancing in Third Grade, building sugar cube buildings in 5th grade with Janie always by my side. Janie is and always has been associated with all of those grade school memories and childhood friends that I spent countless hours with. It was a running joke at our house, that I was spend too much time with Dad's competitor. And I remember being teased the same at your house. I loved Jane, loved your parents and your family. I have never forgotten them or the kindness, laughter and love felt at your home. Looking back, the years, as they should have been, were perfect.
My deepest sympathies for your loss.
With love,

“ *Janie, Janie. I'll always remember our crazy trips to Mansfield Ohio, going to get your cat Winkie, sitting outside laughing uncontrollably on breaks at work and you NOT liking cheese. Thanks for sharing a part of your life with me. Deb Hanson.*

“ *To all of the Dryers,
You have our deepest sympathy. I was lucky enough to meet Jane about 15 years ago. She will always be Alex's Aunt Jane to me. She was lots of fun to be around. Very easygoing and friendly as we shared time at ball games, birthday parties, pom pom performances, pool bashes, etc. It seemed she always tried to make time for the important things in the kids' lives. She knew it was the memories of those good times that would sustain her until the next visit, so she always made the most of them. Her sense of humor was much appreciated and loved by everyone. We were the lucky ones to have shared in those fond memories. Many prayers to all of you in the days ahead as you try to adjust to the absence of one who was held so dear to your hearts.

“ *To the Whole Dryer Family: I am so sorry for your loss. Growing up with people thru SHS, they just became the fabric of life. I never saw Jane around town without a smile. I have enjoyed witnessing how much she loved her family and friends. As the saying goes "She was good people". Thinking about all of you now and in the days to come.*

“ My dear, dear friend, Jane. My favorite memories of growing up with you was up on the third floor of your house in the "dorm bedroom", listening to and singing to Carole King's "Tapestry" album. Long live vinyl! We spent almost every weekend together for two or three years, either at your house or mine.

You introduced me to Gordy Clemans when he was in 7th grade, and I fell in "puppy love" with him, probably for a month. 😊

When I was in the 8th grade, you threw a surprise birthday party for me and that, literally, was the only party that I had no idea what was going on. Tom Arnold's dad and Tom came to my house to pick me up, and I didn't want to go, because all of my friends were "whispering" behind my back. So, I was convinced that everyone decided I couldn't be a part of the "friends" anymore. What a beautiful experience that was.

I love you dearly, and you will always be my special friend. I know you are "Way Over Yonder" because, that's where you're bound!

God speed, and God bless!!!

I love you,
Linda
