“ I have frequently looked for Jay on Facebook. He came into my mind again today and I did another search. I simply cannot believe he has passed away. Jay was my best friend growing up. He was my first crush. He was there for me every day from the age of 7 until we were in high school. I have told my family and my daughter about him so many times and how he was such an amazing friend. My daughter grew up with a boy as a best friend and I always compared their relationship to myself and Jay. I'm so very sorry to see that he is gone. He was a wonderful person. While we lost touch as we grew, he was such a huge part of my life that he will always live in my heart. My deepest sympathies and prayers are going up for his family and friends. I know it has been 2 years since your loss, but I am sure that there isn't a day that goes by without you feeling Jay's loss. God bless you all.

“ While sitting at work this evening I googled Jay's name out of the blue and I am heartbroken to read of Jay's passing. I was a roommate of Jay's at Keesler Air Force Base, MS (Feb-Mar 1988, Administrative Specialist Tech School) and connected with Jay immediately. He was a super guy and although unfortunate that we lost contact with each other over the years I would still count him as a friend and fellow Airman. RIP Jay. You will me missed.

That's what I did too John....earlier this year and I was heartbroken as well. We knew each other after high school and I had picked him up from the airport and drove him home when he was honorably discharged from the Air Force. Lost touch after that but I just couldn't believe it either.

“ *J J was a great a great uncle, friend and father. During the little time we did spend together, I will always remember us hanging out when we were young the most. How he made me laugh, gave me a hard time, (in a good way) and what he taught me. Jay was a great man. A much better man than I could, or ever will be and he will never be forgotten. Rest In Peace Uncle Jay.*

“ So many memories of living next to Jay (and of course the rest of the family!). Time in the garage with Howard puttering on something! He used to baby sit our three boys. I remember coming home one day to find Jay jumping over the back of the couch - they were having a ball - without considering what happened if any one of the four would get hurt! He was always so upbeat, smiling, and thinking of something new to do!! Our deepest condolences to his family.

I don't have a lot of memories that include Jay & Pat due to our unique relationship, but they were all very special (due to our unique relationship). The photo is clear in my mind - July 5, 1980. This was probably the most Runyans ever gathered together. Our small fireworks display at the lake. Love you, Jay! :o)

“ We have a lot of great memories of you Jay! All the late nights in the garage working on all the projects you and Rich had. Standing up in our wedding, helping Rich get where he is today in his career. We could never thank you enough for all you have done for our family. Summers in Michigan sitting by the fire or by the lake, we sure are going to miss those times we had with you and Nichole. I could go on and on with all the special times. The last time I heard your voice was walking out of your room and you said "Be Safe" I love you guys. Well we love you to Jay!!
