“ I grieve with my nephews and my niece over the passing of " Unca John". This is very difficult but I pray that Simon and Timon met their dad and guided him to a place of peace, rest and love.  
*Rest Well, John.*

“ John Ebeling was my grandfather. Its hard to belive that he is gone already. I can vaguely remember from back when I was just 9 or 10 my grandpa John had given me a old Lima electric train set that he had been holding on to for multiple years. John Ebeling was the type of person that would always think of others decpite of his own needs. My earliest gift that I have from my grandfather is a book "The Dangerous Book for Boys". It was given to my mom after my birth as a gift to me and when I was old enough to read it was given to me by my mom. This book is especially special not only because it is one of the only things that i have from him but he wrote a message in the cover. This message went something along the lines of "be strong for those who are not and be stubborn for what is right. My grandfather was a great man who unfortunately had to leave this earth but he left it better than he found it when he came. John S Ebeling you were and are loved dearly and will be missed. Rest in peace and may you walk amongst the angels and look down upon those you you dearly love.
