“ I first had contact with Mr. Hevel as my freshman biology teacher. Little did I know he would become a mentor and friend. Upon completion of my masters degree in education I was looking for a teaching position. John was the ptincipal of Portage HS. He contacted me to let me know there was going to be an opening and he would like to hire me. I had another offer but ended up coming to Portage. John moved to the central office. I ended up in administration in the Portage schools. He was a positive mentor and example. Thanks John.

“ So sorry to hear about John. I first met John when we would stop every year on our way to Wyoming for deer hunting . (my Dad was a John also) so his Uncle Walt could spend some time with him . It would be in the middle of the night at the closest rest area on the toll road ! Also, I made sure to talk to John every Pleasant Lake Day !!! Say Hi to Walt and Grace for me ! Dave Harpham

“ John was my dad's best friend in school and we went to visit them about once a year. As a little girl I thought he and Judy were so much fun. On one of our visits we went into Chicago and went to the museum of science and industry which was so interesting. Then we stopped at a record store and John bought me a 45 record of the Beatles. I cherished that record for so long. I also remember that John and Judy used to come and visit us late on Christmas. I always had to go to bed but I snuck out to make sure that I got a chance to say hello. It's going to be very difficult to tell my dad about John's passing. They were best friends since they were in elementary school.
