“ *Laura and the entire family. I met JT in 1993 when we hired him to come and work with us. Both JT and myself had similar outlook on life We are six months months apart in age but totally believe in our trucking careers. He was a very outspoken person and we never argued. He talked about his hockey playing, going on his annual vacations in Wisconsin, his love of his fish in the pond. I was happy a few months ago when we were reunited in working together once again. He was very detailed and organized person. His co-workers, drivers and customers loved working with him. His word was his bond. Just last week we talked about we were going to work together until we retired. The good Lord has other ideas. We all have a void in our hearts but heaven is a better place today with JT looking down at us. Thank you JT for being a great friend and a person I could rely upon each and everyday. I have so many memories at the work place with him on out of town trips. Two weeks ago we hit Cavalier Inn for some polish food at lunch and great conversation. I will miss you in the future and think of you often. Thanks for the friendship my friend. May you Rest In Peace*

Love you always
