“ Justin we first met when you were 3 or 4 years old. I have a vivid memory of you and your grandmother in Meijers in Merrillville. You saw me and ran to me with open arms. Although you didn't remember that connection it is an everlasting memory for me. God made a way for us to become reconnected again but this time you were a grown man. That same loving spirit you exhibited as a child was even more pronounced as an adult and you accepted and trusted me, with open arms. The proudest moment for me was when you asked me to take you to the doctor with your grandmother because of your trust and respect for me. I love you Justin. Your spirit will forever live within me.

“ I still remember the day I met you thanks to Trent. You guys were on set, being silly and of course you were smiling as always. Although we were far away from each other, we shared sooo many nights on Skype, you would sing to me and make me smile, you would fool around to make me laugh...I will always remember you as the cheerful and truly good hearted young man you were. Always kind, always smiling...a truly pure soul. Vuela alto, angelito!
