“ To the Evans family,  
Karen was the Coodinator at the Ohio City office in Cleveland, Ohio. I have many fond memories of her. She was a woman of great integrity, respect, compassion and it was exemplied in how she treated each of her staff. Not only did she worked along side of us, but took time to get to know us. She made the work place environment very pleasant, enjoyable and made a lasting impression on all of us.  
I often thought of her the last 30 years and sorry to hear of her passing. So thankful another worker posted the obit. notice on FB. She will never be forgotten.
