“ I am so sad to know that Kathy passed away. I managed Catherine's clothing store for many years and got to know her as both a customer and a wonderful woman. She had a personality that just made you want to be around her. She told it like it was, but never with the intention of being mean or disrespectful. She was just direct, and honest and I used to tell her all of the time that I wanted to grow up to be like her. She had a great sense of humor and I felt so privileged that she would share it with me. I'm so sorry that I didn't know that she had passed away. My condolences to her family and friends. She truly was a beautiful person inside and out. I am a better person for knowing her.

“ I have so many memories of Kathy I don't know where to begin. She was a wonderful person and a true friend. She fed my youngest son his first solid food while I was still nursing him (a hot dog! - that's Kathy). My boys learned to swim in her pool and she gave them their first haircuts. She always liked cutting hair, especially her own. She was one of my best friends and she will be missed by all. My condolences to all the family on your loss. To Bud - I would just like to say that you are a wonderful brother and I am so glad that Kathy had you to take care of her. You did a great job. I am sure Kathy and Emily are together watching over all of you.

With my deepest sympathy,

“ My deepest condolences to the family. Kathy taught me everything I know about front desk operations when I began my dental career in Dr. Robert Angerman's office. She was so much fun to work with and had an incredible work ethic with exemplary people skills.

Just found out about Kathy's passing. We were both graduates of Lew Wallace 1968. She was always friendly and kind. Saw her again after all these years. Still the same sweet person.
