“ *Connie and Family, I met Larry for the first time at Porter-Lakes Engineering, nearly 40 years ago, when they did a survey at my company, Acme Steel. I was impressed with Larry's background and skills. We began a decades long friendship that lasted into our retirement lives. Cap'n Ron was always there and willing to help on many projects thru the years. We got to the point where putting the "Lady" into and taking her out of the lake were annual "look-forward-to" adventures. It's going to be tough missing out on our conversations, outings to Wabash, Sinai Forums, and dinners afterwards. We will miss his kind and comedic personality. Sailor Jerry says, Cap'n Ron would make his day, the the best soup in town!*

“ *From Jefferson Elementary to graduation from Horace Mann and until till now I've been friends with Larry. Little League, ice skating, and pick up games at Jackson Park are some of my favorite childhood memories and our Florida HM Alum golf outings of late. RIP dear friend.

“ Mr.Bauldridge was always so nice to me when I saw him. I would always be traveling in from whatever state I lived in and he was always made sure to ask about my life and how my work was going. Just truly nice and always smiling. He will be missed.
