“Larry Thyen and I basically grew up together, as did most of our fellow teammates from a close knit Hobart High School Football Class of 1968.

As the other posts on this website show, Larry was a wonderful person with a winning personality and a heart as big as a house. “Horse,” as he was nicknamed, also happened to be a big, strong young man who could outrun opposing defensive backs. When Hobart’s legendary coach, Don Howell, noticed that Larry, who was our punter, scampered for a first down after a bad punt snap one Friday night, he told him the next Monday at practice “Thyen, you go practice with the backs.”

“But Coach,” Horse replied, “I’m a tight end.” To which Coach Howell replied, “Not anymore.” Everyone on the practice field had a good laugh over it. And so “Horse” was born.

Many of us from that 1968 Brickie squad have kept in touch with each other throughout our adult lives. And we have to deal with our grief in the best ways that we can.

As for me, when I remember Horse, it will be as a young man about 6’2” and 220 lbs. streaking down the sidelines ahead of some defensive backs who will never catch him.

And Coach Howell will be smiling on the sidelines.

God Bless You, Horse.

“ It was extremely sad to hear about the passing of Larry. We worked together at Purdue Police Department for almost 15 years. He had such a kind heart and was always full of jokes. I loved the way he tried to figure out the lottery, would always try to hit that big one on an instant ticket. Every payday you knew Larry would give it one more try with big dreams and hopes. We all knew how much his daughter meant to him, she was the apple of his eye. When he spoke of her it always came from the heart, you just knew how much love there was between them. Larry was a good guy and will be deeply missed by all who knew him. I am proud to say you were my friend. Rest in peace Larry you are now in Gods hands. You friends, Bryon and Kim Butala.

“ It is sad for me to write memories about Larry who has been called home. Larry was one of the good guys who had your back on the police department. I worked with Larry on the street and played FOP basketball with him. He had a great outside jump shot and when he stopped making the shot, you knew he was tired and came out to rest. I recall Larry to always be smiling and joking around. He was a friend and I shall miss him. It is my prayer that God wraps his mighty arms around Larry's loved ones and gives them the strength to carry on against such a loss. RIP my friend. *Lance Burris
