“ *I still can't believe you are gone. I love you so very much! Most of the best memories I have in life revolved around you. You filled voids in my life so effortlessly and selflessly. You gave your all to your family. We could always count on you and never once did you hold that over our heads. I'm hurting inside but can rest in peace knowing that you are with your maker and living a life that is pain free and full of peace and endless love. Grams, I love you always!*
