“ linda was my sister for 52 yrs we didnt always have to see each
other all the time or even talk but then when we did it was like it was
yesterday.from the time i was eleven yrs old till now, she always
shared what they had with us if she knew we needed it she would
go running to her closets and bring out what ever we were out of at
the time.when we met from the first time she took me under her
wing like i was a lost litte bird she helped to teach me by showing
me how to be a wife and mother she was my she will always be my
sister and my best frend . linda i will allways love and miss you till i
see you again.
