“ Lois I will never forget how you suckered me in for a friendship and a long time later you talked to your husband into shooting my husband in the chest, I think it's a good spot for you and your husband Don also for the heartache that you put on my family having to move to get away from you and my husband almost dying. I guess I have forgiven you but I will never forget The only thing I do feel happy about is that my husband and I are still alive!

“ Lois I am so glad that I told you how much you meant to me and how much you help me become the person I am today. You always have a special place in my heart and soul. Your kindness was loud and your memories will always be cherished. You are at rest with your love ones, I guess now the mystery is solved. You have the best kids, the best family and I know they will be ok, you raised them that way. Even you Sharon. LOL. My nights will be quiet, I will miss your messages, your calls, I went to call you for your birthday and saw on Facebook I was too late. I know you will be visiting all your family and friends from time to time, I'll know when that moment will be for me, cause ill here you laughing at what a dumbass I can be. Love you always and forever, Nis

“ To my Dear Friend: There is a hole so big in my heart that I might fall into it. Michelle and Jason I can't express how tremendous your beloved Mother was to me and all of us at the Market. No matter what she was dealing with in her life and taking care of people with serious health issues and her own, her package of checks came like clockwork every Tuesday for over 35 years. In the package there was always a note or a card signed " Love Me". When she had a question with the work she would say, " You're gonna kick my A@@@".

I would say " Whats Wrong? "

Lois: " I made a big mistake on the books !!"

Me: " Don't worry about it." Then we'd get her work and the mistake would be for like 10 cents. But that was Lois. Sweet, caring, loving, meticulous, and someone who would do anything for a friend. Every Christmas a beautiful package from her would come to our house. Sometimes bought, Sometimes Custom made by her. All of the handmade ones we still keep and cherish and they come out every Christmas. Her Pine Sled and Red Illuminated lights are always proudly displayed. I will miss her so much!!! There is a void now that can never be filled. Lois good bye Dear Friend. From all of us Brody's and all of our Team at the Market who you made part of your life for so very long.

With prayers up to heaven and all my love forever. Haim

“Lois, you are missed! I will miss those times when we shared “Scoop Cake” after sending Don to get the latest flavor for us, and he did! Also missing you making me Laugh about anything and everything. Us talking about future crafts projects, and you two showing me the newest trick you taught your “Squirrel” (ly) buddies in the yard. Heavenly Hugs to you Lois Jean

*Lois, May you Rest In Peace, my friend.
Left behind are the broken hearts of family and friends, who loves you, wondering the why's and how of it all. One day the answers will come...
For now, sleep in Jesus name, ❤️🙏❤️*

*Lois, I have not had the pleasure of meeting you—But I have watched your son help so many during this Awakening. He is by far the most sincere, humble, fascinating, amazing Patriot I have ever listened to. I can see that you instilled your Helping and loving nature in him. I was heartbroken to hear of his loss of his mother and father. I know you are both so proud of the great person he is Helping so many!! Prayers for all your family and we will all be together again soon in a wonderful new age. ❤️🙏🌹
