“ Heartfelt condolences to Jim and Nick at this time. Lori was special to us and to so many others. We will cherish our memories of her when we were neighbors. Our friendship did not end there, but rather began. We were always hoping that we could see you more often, but when we did run into you and Lori, we always had so much to talk about. I will very much cherish my last visit with her at the CP post office. We talked for almost an hour, and it was special conversation, and she was in a very good place at that time, remarkably strong. She is with her mom now and no more suffering, treatments, etc. We love you and are here for you in whatever way possible. Hugs to both of you.
