A sweet and delightful sister in Christ fun loving friend and hello kitty friend with a Candid listening ear and a shoulder to lean on despite her own personal experience with health challenges. I am grateful for our friendship though I didn't pursuit a continued connection after I moved to Valparaiso due to my own limited thinking and I regret not being friends with the circle of ladies whom were as mentors and believers in Christ throughout our time spent together in Suncrest Christian Church in Hobart, IN.

I love you then and despite the distance proximal all my friends and family are close in my heart and thoughts. Praying for your family during this time of change and God bless you all! :)

“ Oh Merry! I've loved you for so many years and I'll keep on loving you forever! Sister, I've wanted to call you a few times but then realized, “I cannot.”

Truly I cannot believe your gone but I do know where you are and that brings me comfort! Now your with Our Lord Jesus Christ! You're also with Dad and Mom and Johnny and many others who have gone on before you. You used to sit at the foot of my bed when I got home back in the day and you'd talk to me until I fell asleep. I was at your bedside on May 2nd telling you, “Merry, I'm at your bedside now just like you were at mine. I told you you could go with the Jesus and Dad and Mom and Johnny. I told you it was okay. I said we'd take care of Tony and not to worry.”

I held your hand and prayed The Father would take you to him and at that very moment, He did!

I'm still shocked that you're gone and I miss you on this earth but I will see you too eventually. So really, it's not goodbye forever, it's just for awhile. The days ahead May be hard for me but God will take care of me too!

I promise to be loyal to you by helping make your celebration of life memorial beautiful by honoring The Lord, just like you'd want and asking many family and friends to be there because of the love we all share for you! I almost cannot stop writing because it's so hard! Love you sister...with All of My Heart!❤️

“ Merry was a great friend. She loved Jesus, her family and friends.
She always had a listening ear despite her own health issues.
I will miss her middle of the night texts asking me if I "was up"? We
would end up talking for at least 2 hours. Good times!
Game night will not be the same without her. She was so full of life
and a joy to be around.
You will be truly missed my dear friend. Until we meet again! RIP

“ Remember Merry being about a year old when dad went to VNaum. At Ft R Kansas we had to rush her to the Hospital because of a food allergies.

I remember a sweet little girl with her tasty freeze hat and stan

I remember how amazingly argile Merry was

I remember how hard she worked to get her cosmologie degree ...and how she would cut the whole families hair with joy ...never wanting to get paid

I remember she could be a tad head strong

But most of all i remember she respected me for no reason except i was her big brother

Love you Merry
