“ *Nancy and family - So sorry to run across Neil's obituary. Neil and I dated way back in the day. I remember the roller skating rink in Delmont and the so very cool car he had. He was a good person and was always respectful and kind. I remember when you started to date him and I hope that you had a good life together. I think we both went to Washington Township High School. My dear, sweet Joe passed away this year, too - in February. I send along my prayers, blessings, and sympathy. Rhonda Kepple Buttacavoli, Coram, NY and Apollo, PA*
