“ We were so sorry to hear of Nick's passing. Our hearts and prayers go out to the family in your loss. Nick was such a handsome young man. We treasure the memories of him playing with our son as young kids when Nick lived down the street from us. He always got along with the kids and played well with others as a child. Those are the memories we will hold dear to our heart.

“ I'm very saddened to hear about the loss of Nick. Please know you have my deepest sympathy.

One of my favorite memories of Nick was the first time I met Him he had a new dirt bike and he was riding it around at the trailer with his dad. I asked him if I could ride his bike and He didn't hesitate to say yes but he did want to make sure I knew how to ride it and gave me a few tips. I will always remember you speaking about how impressed he was that a girl could ride a dirt bike. I am so happy to have been able to spend some time recently with Nick while I was housesitting for Jimmy and Dog. Nick would come over and visit because he knew I was there all day alone. Again I felt his kindness and caring nature. I will miss Nick very much and I hope the passage of time will help ease your sadness and leave you with happy memories. In the meantime, I'm sending healing thoughts and support your way. Much love and God bless, Kelly Brainerd-Huff
