“ *September 03, 2012- Pete Gutierrez was a doctor and friend to me and especially my family for as long as I can remember. He was so caring and helpful as my parents moved through their later years, and was supportive and kind to me. He will be missed by so many. How fortunate we are to have such lovely memories of him.##imported-begin##jean Jankovich##imported-end##*

“ With proper respect to the Gutierrez for their loss, I deeply mourn the passing of a great benefactor, mentor and a gentleman I hope to have one-half of his character. Dr. G. is the primary reason I am where I am to day. He paid for my last year at The Citadel as my family and I had not the funds. I was named Fourth Battalion Commander (the first black 4BN CMDR in my beloved school's history). Dr. G. allowed me to repay him over time and as long as I needed. He helped me to become a Lifetime member of the Citadel Alumni Assoc. He motivated, kicked my butt and encouraged me to keep fighting the good fight.

Dr. G. and Jackie believed in me when MANY people did not. I will arise out of my melancholy, one day, to live the life Dr. G. would be proud of. I owe he and Jackie a lot, and I am most thankful for their unconditional love shown to me and my partner of 14 years. Yes, I am gay. Yet, that did not matter to Dr. G. I wish one-half of this world's heartless people could evolve to a higher sense of nurture and support like Dr. G. He gave this poor, black, gay kid from Charleston, SC the chance to experience life I never thought possible. Dr. G. did as is written in the Christian Bible paraphrased: "What you do to the least of these, you do to Me."

Jackie and family...Rest in Comfort and seek Peace being assured Dr. G. is a men of men and a luminous example of God's unconditional love, charity and nurture we all are supposed to live. Blessings of Peace, Solace and and Love to each of you.

Most Sincerely,

Chuck Maxwell
