“ Rhonda and I went from 1st to 12th grade together. We always had a healthy competition in grade school whether for the science fair, spelling bee, choir and athletics, we pushed each other to be better. I remember stopping to pick her up and walk with her to grade school. She always knew what she wanted and strived to make it happen, ie the valedictorian of our senior class. My parents would go have dinner at the place on Portage on route 20 that she worked at and request her section and visit with her and keep up with how her schooling was going. I reached out to her and reconnected through Facebook and was able to visit with her last summer and catch up. It was a pleasure and I will cherish that memory and the smile she left me with. You are now pain free my friend. RIP

I've known Rhonda from 1st. grade (1965) until graduation.... and when she was a young mother; so I was so glad when we reconnected. Seeing her photo makes me miss her so much more. Her kindness, joy, and good spirit made a difference in my life. My pain to not have her accessible be difficult beyond words. God grant you a blessed rest, my beloved friend. I will always love you and cherish your memory.
