“*Jamie, It is times like these When words are hard to come by. Although I only new you about one fourth of your life you touched my heart as you did with everyone you knew. When I met your mother I saw the special love you had for each other. That Love you had for her made it so much more Meaningful,when you would tell me, that you were happy her and I had met. I will always think about the discussions we would have about Sports, Family,Cars and Kids. We did not always agree, but you always made me feel like I was an important part of your life By seeking my advice or opinion and respecting what I had to say.I am going to miss you Jamie! Although you left an empty space in my life,and many others, the memories of your love for family and friends, your kindness and your humor will be more than enough to fill that void. I know you have passed on to a much better place and for reasons only God knows. We trust his judgment and can only Envy you. Thank you for being part of my life! Although I never had a son of my own. I would have been VERY PROUD to say that you were mine. I MISS YOU!##imported-begin##Steve Meader##imported-end##*

“ Jamie, It is so hard to know what to say at a time like this. Although I did not have the pleasure to know you as long as most, you left a lasting impression in my heart as you did with everyone you met. I surely will miss the discussions we had about sports,cars,women,children and just life in general. God knows we did not always agree but it never did matter because you would always respect what I had to say. Although you have departed THIS WORLD, I take comfort in knowing that you are now in a much better place than the rest of us,we should Envy You! The love you showed for Family,Friends. The Special Love you showed for your Mother and Joshua is something everyone will remember and Cherish always. Jamie you took so much of our hearts with you,Yet left so much more of yours with us. I never did have a son of my own Jamie, but if I had It would have been YOU, I am going to miss you So Much!!! STEVE###imported-begin###Steve Meader###imported-end###
