“ *Thinking of you. I love you. Wish I could see you face and your smile. I'm sorry I wasn't there that day . I'm sorry I love you.*

“ *There has not been a date to do any kind of get together yet because the father of her two small children has kept kids from all of her family*

When a day comes that we are able to know without a doubt , that her children can be there with us, I will plan her celebration of life.

The event is for her children to know how much their mom was loved and how much she loves them!

So if there are any questions

Please direct them to her ex

Ask him why he is keeping them away

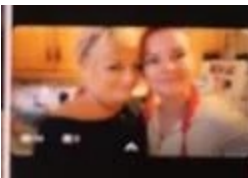

And

Why he's trying to erase their mom

“ My sweet little sister.

All our fun and crazy adventures together. All the love we've shared.

This hurts so much.

Our connection was unbreakable.

I'll forever miss binging tv shows all day long together, stuffing our faces with snacks, doing our nails, cracking our jokes, and being our crazy selves together. We grew together, watched each other become adults, moms, and all the while still sharing our love even in times of being away from each other, we always came back picking up right where we left off.

The loved we shared will for ever be cherished my sweet Tay. Your babies adore you. I adore you. I'll love you forever my beautiful badass.

“ You are already so missed. Working with you we became more than just co workers. You became a friend. Your jokes and smile were contagious. We shared a desk for the longest time and you always made sure to share your heated blanket because we both were always so cold. I feel so heartbroken for your family especially your babies. You loved your babies so much. You talked about them daily and how proud of them you always were. Thanks for always letting me vent and always allowing me to be someone you could vent to. I will cherish our conversations always. Rest in paradise sweet angel.

“ I'll never forget you getting me out of the house when I was a recluse. You brought me back. You were there when I needed you the most. Thank you for being a great friend when I didn't deserve it. I'll never forget you. I pray for your babies, we loved watching Mr. Beast together. I'll see you again.

“ *As I sit alone today*

I remember the times we laughed and played

*Stuck here with a broken heart
Now my world feels torn apart*

*But as I watch you walk away
I remember this time I stopped to pray*

*As I watch god take your hand
I've now become a stronger man*

*Knowing you'll be safe with him
I know we'll meet again in the end*

*So as I cry and write this poem
Just know that I will let you go*

*Just make sure you look down on me
And remember I still love you T*

Love always your brother Chris
