“ My first ALS symptom occurred in 2016, but was diagnosed in 2018. I had severe symptoms ranging from shortness of breath, balance problems, couldn't walk without a walker or a power chair, i had difficulty swallowing and fatigue. I was given medications which helped but only for a short burst of time, then I decided to try alternative measures and began on ALS Formula treatment from Aknni herbs centre, It has made a tremendous difference for me (Visit ww w. aknniherbscentre.c om). I had improved walking balance, increased appetite, muscle strength, improved eyesight and others.

“ Terry was one of the most competitive people I got to enjoy coaching with from football to basketball. We both enjoyed coaching our boys and watching them to become men. He will always be in my heart and my boys are better today because of him. He will be greatly missed!

“ I’m saddened to hear. I can still hear his voice echos in the locker room. He always had a way of making you smile. We would be in the locker room the same time after Track work outs. Later we would meet up again at Danny’s in Highland Lip Sync Contest. Terry won. I was second. He was so damn good and funny. Rip Tiger.

My sister, Terry's wife, has that lip sync on DVD and we just re-watched that yesterday, he was so good!

“ So many good times, playing poker at his house, many trips to Vegas with him, softball, and golf, we all busted out laughing when he told Boo Boo(Sahulcik), "If he wanted lessons playing golf he would pay for them." The 4 some fell out laughing. Peace Brother T.
