“ Tom was my favorite cousin. Eight years older than me, I looked up to him. We called him "Smooth". He always had a perfect flattop haircut. I got my love of Motown through Tommy. He drove the best of cars, from a Buick Electra 225 (aka "a deuce and a quarter"), to a Lincoln Continental, to his Corvettes. We spent many an evening at Comiskey Park when his beloved Yankees were in town to play the White Sox. I miss him greatly.

“ I met “Corvette Tom” while campaigning this past spring. I enjoyed the conversations we had. They always ended up on baseball. I will miss his smiling face and his love for the community.
