“ I just read about Tommy passing away in todays paper. My husband and I had not long ago stopped in the Train Store to find something for my little grandson and I introduced myself, he was surprised to know I was still in C.P. I have such wonderful memories of your family and your charming house and dinner bell in the driveway. I see they are remodeling your former house, I just drove by it on my way home from work yesterday. My sympathy to all of you. Your families are in my thoughts and prayers. Susie and my husband Harold###imported-begin##Sue Ann Merriam Fronek###imported-end##
