“ God bless you Vince. You were a great friend and what a musician. We had so much fun at country lounge with playing the squeeze box and entertaining. You had that great smile and a sense of humor. And you knocked em dead at the Dean Martin outing with lazy Mary. Never forget you god bless. I know you're in heaven. God bless you babe. Deepest condolences

“ He taught me far too much to remember but the most important was how you have to work hard to get ahead. He was a great "music man" who entertained thousands of people and even had a record on Beaver Records that I always thought was super cool! I wish I would've learned the accordion when he tried to teach me but that's far too many keys, although, I remember Um Pa Pa Um Pa Pa as the first notes he taught. Sending thoughts and love to you in heaven Dad. Miss you!
