“ I am surprised and saddened to learn of Wanda's passing. My condolences to the immediate family, the children, the grand children, and the many, many of her friends, of whom I am very proud to have been one. Although it's been couple years since I last saw her in Hobart, her smile always left an indelible impression on me. Wanda was wise beyond her years, high energy and always considerate.

She will be missed.

Wanda was always there if you needed help with anything. She and her sisters grew up with our family and we have many memories. I babysat her for some yrs when her mom and dad were at work and she even helped me with my kids watching after them. We will all miss her so much! I am still in shock. She and her sisters are my first cousins. Praying for her children and husband to help them through this very sad time.

“ I moved to Hobart in 1st grade and Wanda was first person to befriend me. Strange but that has always stuck with me and it's one of the many things we've laughed about over the years. Plus we shared the same birthday and before Facebook she still popped up in my head every year on that day. When we got back in touch on social media she made that comment to me and we laughed because we both always remembered that also. Wanda had such a zest for life and a smile that would brighten a room. She will be dearly missed by so many. My heart breaks for her family and I can tell you she was such a proud momma and grandma! Love you always my dear friend. God has gained a beautiful angel.
